

Business Critical: Maximizing the Talents of Visible Minorities
Conference Board, October 29, 2005

The guide has been designed to help Canadian organizations the talents of visible minorities, creating a practical tool to bridge the gap between rhetoric and results. Its goal is to provide human resources (HR) managers and line managers with concrete strategies to drive diversity to the core of their organizations, and to fully recognize and leverage the potential of visible minority employees.

The Study Profiles RBC.
